Trade-marks Journal

2017-08-16 — Vol. 64 No. 3277

Canada

Trade-marks Journal

Vol. 64 No. 3277

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

APPLICANT AND REPRESENTATIVE FOR SERVICE

Applicant
Outrigger Hotels Hawaii, (Hawaii Limited Partnership), 2375 Kuhio Avenue, Honolulu, Hawaii 96815, UNITED STATES OF AMERICA

Representative for Service
PERLEY-ROBERTSON, HILL & MCDOUGALL LLP
1400 - 340 ALBERT STREET, OTTAWA, ONTARIO, K1R0A5

TRADEMARK

OUTRIGGER

SERVICES

(1) Hotel management for others

(2) Condominium and vacation apartment management services; property management services; vacation real estate time sharing services; Travel and tour information services; travel and tour ticket reservation service; Providing banquet hall facilities; rental of sports equipment; rental of diving equipment; arranging and booking of admission to entertainment events and activities; Providing temporary hotel accommodations; rental of rooms as temporary living accommodations; hotel and motel services; resort lodging services; reservation of rooms for travelers; hotel information services; restaurant and bar services.

(3) Hotel and motel services; Bar; Restaurant; Making temporary lodging reservations for others; Resort lodging services; Reservation of rooms for travelers; Hotel check-in and check-out services; Providing lodging to clients of a health and beauty

(4) Travel and tour information services; travel agency services, namely, making reservations and bookings for transportation.

(5) Condominium and vacation apartment management services; real property management services; vacation real estate time sharing services; real property development services, namely, planning and development of shopping centers, hotels, condominiums and resorts; arranging and booking of admission to entertainment events and activities in the nature of ticket agency services; providing temporary hotel accommodations; rental of rooms as temporary living accommodations; hotel and motel services; resort lodging services; reservation of rooms for travelers; hotel information services;

CLAIMS

Priority Filing Date: UNITED STATES OF AMERICA December 23, 2010, Application No: 85/205257 in association with the same kind of services (5). Used in UNITED STATES OF AMERICA on services (1), (2), (4), (5); THAILAND on services (3). Registered in or for UNITED STATES OF AMERICA on August 13, 1996 under No. 1,992,873 on services (1); THAILAND on January 16, 2009 under No. Bor47367 on services (3); UNITED STATES OF AMERICA on June 30, 2009 under No. 3,647,485 on services (4); AUSTRALIA on January 24, 2011 under No. 1351923 on services (2); UNITED STATES OF AMERICA on February 14, 2012 under No. 4,098,020 on services (5). Proposed Use in CANADA on services (1), (5)

Application Number 1,543,450 **Filing Date** 2011-09-14
Language of Application English

APPLICANT AND REPRESENTATIVE FOR SERVICE

Applicant
Wolf Steel Ltd., 24 Napoleon Road, Barrie,
ONTARIO L4M 0G8

Representative for Service
RIDOUT & MAYBEE LLP
5500 North Service Road, Suite 101, Burlington
, ONTARIO, L7L6W6

TRADEMARK

LEGEND

Goods

Barbecues and accessories therefor, namely barbecue covers, spare parts, and cooking utensils.

CLAIMS

Proposed Use in CANADA on goods

Application Number 1,640,180 **Filing Date** 2013-08-20
Language of Application English

APPLICANT AND REPRESENTATIVE FOR SERVICE

Applicant
Vistage Worldwide, Inc., 11452 El Camino Real,
Suite 400, San Diego, California 92130,
UNITED STATES OF AMERICA

Representative for Service
GOWLING WLG (CANADA) LLP
SUITE 1600, 1 FIRST CANADIAN PLACE, 100
KING STREET WEST, TORONTO, ONTARIO,

VISTAGE

Private advisory boards for CEOs, executives and business owners.

Index Headings
VISTAGE PRIVATE ADVISORY BOARDS FOR CEO'S, EXECUTIVES AND BUSINESS OWNERS

.

Goods

Class 09

(1) Computer software for use in database management, for use as a spreadsheet, and for word processing in the fields of business consultation and executive training; computer software that may be downloaded from the Internet for use in database management, for use as a spreadsheet, and for word processing in the fields of business consultation and executive training; downloadable electronic publications in the nature of brochures, flyers, fact sheets, slip sheets, data sheets, application notes, white papers, manuals, leaflets, journals and guides in the field of business consultation and executive training.

Class 16

(2) Printed matter, namely, brochures, white papers, flyers, fact sheets, slip sheets, data sheets, application notes, manuals, leaflets, journals and guides all in the field of business consultation and executive training; printed directories featuring company profiles; printed reports featuring company financial information.

SERVICES

Class 35

(1) Business management consultation services; business counseling, namely, peer counseling in the field of business management.

Class 41

(2) Business executive training services; arranging peer discussion group meetings in the field of business management; personal coaching services in the field of business management

consultation and executive training; arranging and conducting exhibitions, seminars, workshops and conferences in the field of business management consultation and executive training; television and radio programming.

Class 42

(3) Application service provider (ASP) featuring software for use in database management, for use as a spreadsheet, and for word processing in the fields of business consultation and executive training.

CLAIMS

Used in UNITED STATES OF AMERICA on goods (2) and on services (1), (2). Registered in or for UNITED STATES OF AMERICA on September 13, 2016 under No. 5,041,471 on goods (2) and on services (1), (2). Proposed Use in CANADA on goods and on services

WITOS

Goods

Class 07

(1) processing machines, namely machines for processing asphalt, concrete, bitumen, construction materials, stone, rock, ores, minerals, recycling materials and waste and parts and fittings therefor; construction, demolition, mining, and agricultural machines and mechanical apparatus, in particular earth-moving machines, surface miners, machines for soil working, namely, compactors and soil stabilizers, road building machines, namely, milling machines, cold and hot recyclers, soil stabilizers, slipform pavers, road wideners, road pavers, screeds, rollers, compactors, road finishers, mobile mixing machines, namely mobile machines for mixing asphalt, concrete, bitumen, construction materials, stone, rock, ores, and minerals, texturing and curing machines, chip spreaders and spreaders for binders, machines for making asphalt, concrete and bitumen, asphalt, concrete and bitumen mixers, machines for recycling asphalt, concrete and bitumen and machines for heating asphalt, concrete and bitumen, road working machines, road milling machines, cold milling machines, road finishers, feeders, namely, side feeders and mobile feeders for asphalt, concrete and bitumen, side feeders and mobile feeders for stationary, semi-mobile and mobile treatment, for crushing plants and for breaking, sifting, separating, classifying, washing and transporting asphalt, concrete, bitumen, construction materials, stone, rock, ores, minerals, recycling materials and waste, side feeders and mobile feeders for concrete and asphalt pavers, road rollers, crushing machines, namely, machines for crushing asphalt, concrete, bitumen, construction materials, stone, rock, ores, minerals, recycling materials and waste, stone working machines, namely, milling machines and stone cutting machines, slipform pavers, machines for road repair, machines for recycling road surfaces, machines for breaking road surfaces, machines for road demolition, namely, milling machines, mobile jaw crushers, mobile impact crushers, secondary crushing plants and hydraulic hammers, soil stabilization machines, compacting machines for earth-moving, compacting machines for road building and waste site construction, machines for the selective working of raw materials for open-cast and underground mining, namely, open cast and underground mining machines, stationary, semi-mobile and mobile treatment and crushing machines for breaking, sifting, separating, classifying, washing and transporting asphalt, concrete, bitumen, stone, rock, ores, minerals, recycling materials and waste, and parts and fittings for the aforesaid goods; parts and tools for machines and industrial machinery, namely, machine drive elements, machine motor drives, high performance machine tools made of metal, milling tools , mechanical carbide-tipped cutting tools for cutting metal, cutting chisels for cutting rock and stone, hydraulic drums, mechanical, hydraulic and pneumatic controls for controlling machines and

machinery, levelling controls for controlling machines and machinery, pumps and compressors as parts of machines, motors and engines, generators for industrial machinery, mechanical equipment for the lifting and lowering of machines and machine parts, namely, hoists, leveling mounts for industrial use, valves as machine components, regulators for motors and engines, starters for motors and engines and power tools

Class 09

(2) electric equipment for the lifting and lowering of vehicles and machines as well as vehicle and machine parts, namely, hoists, lifting jack machines, lifting platforms; weighing scales for weighing vehicles, machines, machinery and machine parts; electronic devices and sensors for measuring distance; electronic devices and sensors for measuring velocity; electronic devices and sensors for measuring acceleration; electronic devices and sensors for measuring temperature; electronic devices and sensors for measuring humidity; electronic devices and sensors for measuring pressure; electronic devices and sensors for measuring angles; electronic devices and sensors for measuring resistance; sensors, namely, optical sensors, acceleration sensors, velocity sensors, timing sensors, thermal sensors, humidity sensors, pressure sensors, liquid level sensors, resistance sensors, proximity sensors, motion sensors; instruments for measuring distance, instruments for measuring velocity, instruments for measuring acceleration; instruments for measuring humidity; instruments for measuring temperature, namely thermometers; instruments for measuring pressure, instruments for measuring angle, namely, clinometers, angle viewfinders, angle gauges, protractor gauges; instruments for measuring resistance; instruments for measuring waste, concrete, soil and road compaction density; navigation apparatus for vehicles and machines in the nature of on-board computers; satellite aided navigation systems; apparatus for checking parameters concerning the condition and operation of vehicles and machines, namely, electric and electronic apparatus and devices for evaluating the function, condition, and operation of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines and vehicles; electronic control systems for vehicles and machines, namely, commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines; on-board computers for the operation of vehicles and machines, namely, commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines; electric control panels; cruise controls for motor vehicles, cruise controls for commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines; climate controls for commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines;electromechanical controls for motors and engines; surveying instruments, surveying machines namely, level measuring machines for surveying; simulators for driving or control of vehicles and machines, namely vehicle and machine drive training simulators; electric sensors; antennas; satellite dishes; satellite and radio transmitters and receivers; electronic and optical communications instruments and components, namely, optical transmitters and receivers; remote control starters for vehicles and machines; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, namely, wires, cables, adapter plugs, electricity conduits, electrical input expanders, electrical output expanders, transformers, switchboxes, inverters, circuit breakers, inductors, current transformers, electric power switches, switchboxes, inverters, circuit breakers, electric adapter cables, connectors for electronic circuits, electric current limiters, electricity meters, distribution boxes, electric batteries for vehicles and machines, electrical storage batteries, hydraulic accumulators as parts of vehicles and machines, electric control panels, distribution panels, connection panels and solar cells; apparatus for capturing, recording,

transmission, reception or reproduction of sound, images or data, namely, computer hardware, digital optical, radio and satellite receivers and transmitters, antennas, video cameras, cameras, electric current sensors, electronic liquid level sensors, optical sensors, infra-red sensors, ultrasound sensors, microphones, loud speakers, blank hard discs, on-board vehicle and machine video recorders, CD recorders and players, DVD recorders and players, electrical cables, fibre optical cables, display screens and monitors, digital image processors, optical signal processors, charged coupled device, video graphics processors, digital sound processors, modems, computer central processing units, computer operating programs, computer monitors, volatile and non-volatile RAM (random access memory card), computer printers, wireless communication devices for voice, data or image transmission, namely, radio receivers and transmitters, tablet computers; data processing equipment, namely, computer central processing units; computer hardware; computer software for telematic vehicle and machine communication and navigation; computer software for the planning, management, implementation and optimization of operational processes in the construction, mining, road building, road repair, ground and waste compacting, recycling and agricultural industries; computer software for capturing, evaluating, recording, transmitting, receiving and reproducing data regarding the operation of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines; computer software for the management, control and planning of logistical operations in the construction, mining, road building, road repair, ground and waste compacting and agricultural industries; computer software for vehicle and machine fleet management; computer software for capturing, evaluating, recording, transmission, reception and reproduction of data concerning the condition, operation of and faults with commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines; computer software for servicing and maintaining commercial vehicles, agricultural machines, construction equipment, mining, road building, road repair, ground and waste compacting machines; monitoring and control apparatus, namely, computer central processing units and remote controls for monitoring, operating, controlling and tracking commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, and agricultural machines; navigation equipment for vehicles in the form of on-board computers; location and positioning equipment, namely, global positing system (GPS) computers, receivers, transmitters and network interface devices; computer software and computer hardware for monitoring, operating, remote controlling and tracking of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines and apparatus; apparatus and instruments for conducting technical inspections of vehicles and machines, namely motion sensors, liquid level sensors, pressure sensors, thermal sensors, motion detectors, computer monitors, touch screens, electronic measuring devices and electronic testing devices, namely speedometer testers, vehicle weigh scales, pressure dynamometers, tachometers; computer software and computer hardware for conducting technical inspections, in particular during servicing and maintenance, with respect to commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, and agricultural machines; global navigation satellite system (GNSS) tracking systems (hardware) and related software; data logging devices, namely, electronic devices for logging and recording data on computer central processing units; vehicle and machine locator devices, namely, satellite and global navigation satellite system receivers and transmitters; blank optical, magnetic and digital disks; electric and electronic devices and apparatus for the purposes of telematics, data processing and telecommunications, namely, computer hardware and computer peripherals namely, microphones, webcames, digital cameras, computer mice, keyboards, computer central processing units, audiovisual receivers, radio, and satellite receivers and transmitters, optical sensors, antennas, wireless communication devices for voice, data or image transmission and satellite-aided navigation systems, namely cellular phones and two-way radios; computer terminals for telephone, cable, satellite or telematic networks; terminals for telematics, namely, global navigation satellite system terminals; computer peripherals namely, keyboards, computer mouses, graphic tablets, touchscreens, barcode readers, scanners, microphones, webcams, joysticks, joypads, paddles, jog dials, jog shuttles, jog knobs, digital cameras, digital camcorders, portable compact disc and DVD players, motion and proximity sensors, laser rangefinder, eye gaze tracker, speakers, headphones, monitors, printers, projectors, plotters, floppy disk drives, blank USB flash drives, disk drives for computers, CD drives, DVD drives and network interface controllers; modems; laser, infra-red and ultrasound devices, namely, laser rangefinders, laser speed detectors, laser scanners sensors, infrared lasers; infrared cameras ; hand operated electronic tools for analyzing and diagnosing the condition and operation of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines and parts thereof; computers for evaluating the function, condition and operation of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, and agricultural machines; motion picture films audio tape recordings for educational purposes; measurement devices for measuring the stiffness and the degree of compaction of the ground, in particular, soil, asphalt and waste;

SERVICES

Class 35

(1) business and organizational consultancy for the construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural industries, vehicle and fleet management, telecommunications and telematics industries; business and organizational consultancy relating to business management with regard to the planning, development, implementation and control of production systems; business advisory services in the field of process optimization; advisory services relating to business management and business operations, namely, production, process, project, quality, personnel and data management advisory services in the construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural, vehicle and fleet management, telecommunications and telematics industries; personnel management, namely consultancy relating to human resource management; data management, namely compilation and systematization of data into computer databases; quality management, namely process optimization through organizational planning in the fields of work production, process and project organization in the construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural, vehicle and fleet management, telecommunications and telematics industries;compilation and systematization of information and data into electronic databases; compilation of statistics and business analysis services in the fields of business production, business processes and business work cycle processes in the construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural, vehicle and fleet management, telecommunications and telematics industries; economic and market analysis services; organizational project management and organizational management of vehicle and machine fleets and related organizational consultancy and business advisory services in the field of construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural, vehicle and fleet management, telecommunications and telematics industries; operating a customer service hotline and online interactive website offering technical support in the form of troubleshooting of computer hardware and software problems; providing business know-how, namely business advisory services and business project management for the execution and optimization of operational or

business processes; business management; organizational scheduling of the operating time and location of products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, processing and agricultural machines and apparatus; cost-benefit analysis and business studies concerning capacity utilization for the management of products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, processing and agricultural machines and apparatus and parts and tools thereof; systematization and compilation of data concerning road building processes into computer databases;

Class 37

(2) building construction; repair, namely repairing, servicing and maintaining of construction machines and apparatus, in particular road building machines and apparatus; installation services for parts of all of the aforementioned goods listed in class 7 and 9; road building; structural and civil engineering; supervision (construction supervision) and execution of structural and civil engineering projects, in particular road building projects, open-case and underground mining projects, excavation projects, demolition projects, in particular road demolition projects, including provision of information as to the aforesaid services; servicing, maintenance and repair (including breakdown assistance) of products for mechanical and electrical engineering, products for structural and civil engineering, vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural apparatus and machines, and parts and tools thereof; repair and maintenance of structures, in particular road structures; installation and assembly of machinery in the construction, mining, road building, road repair, ground and waste compacting, recycling, waste management and agricultural industries; consulting services in the field of construction of civil engineering projects, in particular, roads and mines;

Class 38

(3) services in the field of telematics, namely, sending, receiving and storing of information and tracking, monitoring and remote controlling of commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, and agricultural machines and apparatus, as well as providing advice and information as to the aforesaid services; telecommunication services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunication networks and systems, wireless communication networks, the Internet, global computer networks, satellite systems, radio systems, cable and wire lines; installation, maintenance and repair of telecommunication routing and junction services, wide-area networks (WAN), local area networks (LAN), global computer networks, global positioning systems (GPS), radio receivers and transmitters and parts thereof; providing access to electronic databases and communications networks concerning work, production, process and project organization, concerning vehicle and machine fleet management, commercial vehicles, construction, mining, road building, road repair, ground and waste compacting, recycling, waste management, agricultural machines and apparatus; providing user access to global computer networks containing information concerning work, production, process and project organization in the field of construction, mining, road building, road repair, ground and waste compacting, recycling, waste management and agriculture, and concerning data processing, telecommunications and telematics;

Class 41

(4) Providing training services, namely, courses, classes, workshops, seminars, conferences and videos for experts in the construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural industries; providing training services, namely, courses, classes, workshops, seminars, conferences and videos, concerning

safety at work; providing training services, namely, courses, classes, workshops, seminars, conferences and videos, concerning vehicle and machine fleet management; providing training services, namely, courses, classes, workshops, seminars, conferences and videos, concerning data processing, telecommunications and telematics; providing training services, namely, courses, classes, workshops, seminars, conferences and videos, concerning the usage, maintenance and repair of commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural apparatus and machines, and parts thereof; providing training services, namely, courses, classes, workshops, seminars, conferences and videos, concerning the usage and installation of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural apparatus and machines; organizing, arranging and conducting courses, workshops and seminars for training of experts in the construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural industries; organising, arranging and conducting courses, workshops and seminars concerning safety at work; organising, arranging and conducting courses, workshops and seminars concerning vehicle and machine fleet management; organising, arranging and conducting courses, workshops and seminars concerning data processing, telecommunications and telematics; organising, arranging and conducting courses, workshops and seminars concerning the usage, maintenance and repair of commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural apparatus and machines and parts thereof; organising, arranging and conducting courses, workshops and seminars concerning the usage and installation of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural apparatus and machines; production of films for educational purposes

Class 42

(5) scientific and technological services and research and design relating thereto, namely, design, engineering, research, development and testing in the fields of data processing, telecommunications and telematics; design, engineering, research, development and testing in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; design, engineering, research, development and testing in the fields of commercial vehicles, design, engineering, research, development and testing in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and parts thereof; industrial analysis and research services, namely, industrial analysis and research services in the fields of data processing, telecommunications and telematics; industrial analysis and research services in the fields of vehicle and machine fleet management; industrial analysis and research services in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; industrial analysis and research services in the fields of commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural, machines and apparatus, and parts thereof; technological and industrial analysis and research services to the enhancement and optimization of business, work and production processes relating to construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; design and development of computer hardware and software; technical consultancy, namely, technical consulting services in the fields of data processing, telecommunications and telematics; technical consulting services in the fields of vehicle and machine fleet management; technical consulting services in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste

processing and agriculture; technical consulting services in the fields of commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture, machines and apparatus, and parts thereof; design and development of, and technical consultancy with regard to, apparatus, instruments, hardware and software for use in tracking, restricting the operational readiness as to location and time (fencing), monitoring, operating, remote controlling, diagnosing, servicing, maintaining and repairing products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, asphalt, concrete, bitumen, construction materials, stone, rock, ores, minerals, recycling materials and waste processing and agricultural machines and apparatus; computer programming; implementation, maintenance and updating of software; tracking and restricting the operational readiness as to location and time (fencing) by means of electronic data storage and electronic controlling and monitoring as well as technical checking, electronic remote-controlling and remote maintenance of products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and related technical consultancy; quality control namely, providing quality control services in the fields of data processing, telecommunications and telematics; providing quality control services in the fields of vehicle and machine fleet management; providing quality control services in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; providing quality control services in the fields of commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, parts thereof, and all aforementioned goods in class 9; surveying services namely, technical surveying, geological surveying, land surveying, and topographic surveying; technical project planning in the fields of fleet management, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; preparation of technical surveys concerning data processing, telecommunications and telematics; preparation of technical surveys concerning vehicle and machine fleet management; preparation of technical surveys concerning construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; preparation of technical surveys concerning commercial vehicles, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and parts thereof; technical consultancy with regard to products of general mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus; technical development of operational, production and logistic models and concepts for commercial enterprises in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; technical consultancy with regard to vehicle and machine fleets and structural and civil engineering, in particular road building; leasing access time for enabling the use of non-downloadable on-line software, in particular for tracking, restricting the operational readiness as to location and time (fencing), monitoring, operating, remote controlling, diagnosing, servicing, maintaining and repairing products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, and agricultural machines and apparatus; engineering services, in particular in the field of structural and civil engineering; technical planning and development of structural and civil engineering projects, in particular road building projects, open-case and underground mining projects, excavation and demolition projects and projects for the processing of raw materials and valuable materials, in particular by means of the breaking, sifting, separating, classifying, washing and transporting of raw materials and valuable materials; architectural services; technical construction plan drafting and related technical consultancy in the fields of fleet management construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural; technical construction planning, namely, technical planning of the construction of structural and civil engineering projects, in particular roads and mines; technical consulting services with regard to the planning, development, implementation and control of production systems in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; hosting of websites; technical design and development of products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and parts and tools thereof; technical development of technical usage concepts for products of mechanical and electrical engineering, products for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and parts and tools thereof; research in the field of mechanical and electrical engineering and structural and civil engineering; technical management services and the provision of technical expertise in the fields of data processing, telecommunications and telematics; technical management services and the provision of technical expertise in the fields of vehicle and machine fleet management; technical management services and the provision of technical expertise in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; technical management services and the provision of technical expertise in the fields of commercial vehicles, fleet management, construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agricultural machines and apparatus, and parts thereof; technical consultancy in the field of electronic data processing; technical measuring and testing services, namely, measuring and testing of tool wear; technical product testing for others in the fields of data processing, telecommunications and telematics, in the fields of vehicle and machine fleet management and in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; measurement services, in particular measurement of the compaction degree of material of all kinds, in particular road surfaces; technical project management and preparation of technical surveys and technical evaluations in the course of the capturing and recording of data concerning road building processes; electronic recording of data concerning road building processes; business administration consulting services with regard to the planning, implementation and control of production systems in the fields of construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, asphalt, concrete, bitumen, construction materials, stone, rock, ores, minerals , recycling materials and waste processing, recycling, mixing and agriculture; technical consulting services, namely, process optimization consulting in the fields of data processing, telecommunications and telematics; technical consulting services, namely, process optimization consulting in the fields of vehicle and machine fleet management; technical consulting services, namely, process optimization consulting in the fields of construction, demolition, mining, road building, road repair, ground and waste compacting, recycling, waste processing and agriculture; - Shields with figurative elements or inscriptions placed outside in any other way
- White, grey, silver

- Red, pink, orange
- Black
- Yellow, gold
- Green
- Blue

Colour Claim

Colour is claimed as a feature of the trade-mark. The mark consists of a three-dimensional server uniform, shown in four perspectives, comprised of the following elements: a collarless white and tartan plaid top featuring short cuffed sleeves with red tartan plaid (featuring pipping in yellow, white , black, green and blue against a red background) and a shield-shaped patch on each cuff and a long tartan plaid center tie closure. The patch features a stylized silhouette of a unicorn in black on a diagonally divided field of green and yellow. The uppermost portion of the patch is a horizontal black stripe with the wording 'Tilted Kilt' in yellow. Below the top is a bare midriff and a thigh-length skort (skirt with shorts attached at the waistband, and underneath the skirt portion) in the same red plaid tartan as the top. The skirt features an opening (slit) on the right side of the skirt near the thigh . The uniform includes a black sporran with flap closure, worn over the kilt. The uniform also consists of white, cuffed, knee-high socks with red flashings and black shoes. The broken lines in the drawing are not part of the mark and instead indicate only the placement of the elements of the mark.

SERVICES

Providing of food and drink, namely, pub, restaurant and bar services.

Index Headings
SHOKU EN

Image Description (Vienna)
- Inscriptions in Chinese or Japanese characters

Foreign Character Translation/Transliteration
The translation and transliteration provided by the applicant of the Chinese characters is as follows: The first character transliterated as SHOKU means food and the second character transliterated as EN is an old-style font (which is not presently used) that means or suggests concepts which refer to relationships and connections between people such as "chance", "fate", or "destiny". The Chinese characters as a whole, which can be transliterated as "SHOKU EN" is a coined word with no specific meaning, but rather may suggest "relationships or connections between people through foods".

Goods

Fish fillets; frozen fish; preserved fish.

- Several triangles, juxtaposed, joined or intersecting
- Triangular figures with one or more truncated or rounded angles
- Bubbles, frothy masses -- Note: Including speech bubbles.
- Green
- White, grey, silver

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours green and grey are claimed as a feature of the mark. The mark consists of a series of multiple concentric free form ring designs in green and grey together with a number of bubble-shaped stylized circles in green and grey. Starting from the foreground free form ring moving to the final background ring, the colours of the rings are as follows: the first two rings are dark grey and the second from the back ring is light grey. The remaining rings are green. The light coloured background bubbles in the centre of the concentric rings and outside of the concentric rings to the left are grey. The remaining bubbles are green. The color white represents background and is not claimed as a feature of the mark.

ARCOR BUTTER TOFFEES

Image Description (Vienna)
- Labels, collarettes (bottle-neck labels) -- Note: Not including tie-on labels (20.5.15).
- Other labels
- Chocolate, confectionery -- Note: Including chewing gum.
- Squares of chocolate, pralines, fondants or other sweets (except a 8.1.23)
- Large cylindrical or elliptical containers (such as tanks, gas bottles, barrels)
- Vats, wooden buckets, milking pails
- Vortices, rotary movements, tornadoes -- Note: Not including astronomic orbits (1.13.1), atomic orbits (1.13.1), concentric circles (26.1.4 or 26.1.5) and spirals (26.1.5).
- Banderoles, cartouches
- Rectangles
- Ellipses
- One circle or ellipse
- Circles or ellipses containing one or more letters
- Circles or ellipses with dark surfaces or parts of surfaces
- One line or one band
- Curved lines or bands (except a 26.11.13)
- Letters presenting a special form of writing

- Letters linked to a figurative element – Note: Letters representing a human being or a part of the human body, an animal or a part of an animal's body, a plant, a heavenly body, a natural phenomenon or an object are classified in division 27.3.
- Brown
- Blue
- Red, pink, orange
- White, grey, silver
- Yellow, gold

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours brown, blue, orange, light blue and light brown are claimed as a feature of the mark. The word ARCOR is in white inside a blue oval through which passes a yellow line. The words BUTTER TOFFEES underneath the ARCOR logo are brown in colour. The background behind the word BUTTER TOFFEES resembles swirls of chocolate in a light brown colour beneath a blue swirled region. On top of the blue swirled region is an orange layer. Beneath the words BUTTER TOFFEES are two candies, one of which is cut in half. The whole candy has a brown liquid cascade into the center of the candy. Adjacent to the candies is a representation of a bucket containing a white liquid. Below the candies is a geometric shape coloured blue which is on top of and overlapping with a light blue layer having a lower orange border. That light blue layer having an orange border is on top of a blue layer having blue swirls which in turn is on top of an orange coloured layer.

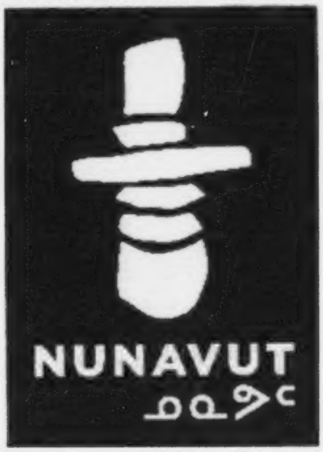
Public notices under section 9 of the *Trade-marks Act*

Application Number 924,572

Prohibited Mark



Index Headings
NUNAVUT

Image Description (Vienna)
- Other monuments
- Inukshuk
- Rectangles
- One quadrilateral
- Quadrilaterals containing other figurative elements
- Quadrilaterals containing one or more letters
- Quadrilaterals with dark surfaces or parts of surfaces
- Inscription in Canadian Inuit characters

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trade-marks Act, of the adoption and use in Canada by the Government of Nunavut as represented by the Minister of Economic Development and Transportation of the mark shown above, as an official mark for goods and services.

Description
Colour is a feature of the official mark. The colour red is applied to the background of the mark. The colour white is applied to the inukshuk logo, the word NUNAVUT and the Inuktitut syllabics.
